Schwan's Commodity Planner

New Online Commodity Planner Now Available!
Convert your entitlement dollars into menu solutions with an easy-to-use online commodity planner.

This planner provides districts the information the government requires to allow diverting of commodities for processing to Schwan's.

How to Utilize the Planner to Process with Schwan's:

1) Go to www.schwanscommodityplanner.com

2) Select your state and distributor(s). You can select "No Distributor (Shows All Products)" for distributor if you are unsure who will win your bid.

3) Plan your menu based on products and distributor product availability.

4) Calculations are made showing commodity pounds used and dollars saved.

5) Submit your plan to Schwan's using the "Send to Schwan's" button.

Why Divert Commodities to Schwan's?

#1

Schwan's is the industry leader nationally in the processing of commodity mozzarella cheese.

Receive monthly email statements from Schwan's providing usage and remaining balance. Schools also have 24hr access to their balances in processorlink.com

Dependent on your state, Schwan's can process up to four commodities: mozzarella, flour, tomato, and chicken.

Schwan's new online commodity planner, built to simplify the process of converting entitlement dollars to menu solutions.
