

## School gardens have taken root all across Texas, including at our school!

You can help us ensure our garden continues to thrive this summer by volunteering to care for the garden while school is out for summer vacation. Whether you are a master gardener or a gardening enthusiast, you can get involved in connecting our children to the food they eat! Background knowledge in gardening is not required.

### Sign up for any of the following opportunities that work for you:

- ❖ **Watering:** Visit the garden two times per week, on assigned days, to water all plants.
- ❖ **Planting:** This is a one time commitment at the beginning of a new season to help plant the garden.
- ❖ **Weeding:** Visit the garden one time per week, on assigned days, to remove all plants identified as weeds.
- ❖ **Spreading mulch:** This is a one time commitment at the beginning of summer or immediately after planting to help spread mulch over garden beds
- ❖ **Donating materials:** Donations of mulch, compost, seeds, garden tools or financial support are always welcome

Please fill out and return the attached slip to indicate your interest in supporting our garden.

## Sign Me Up!

I am interested in supporting our garden in the following ways:

- Watering
- Planting
- Weeding
- Mulching
- Material Donation

I am available:
