Option 1: a publication of general circulation covering the area served by the CE. This includes electronic media publications or a combination of both print and electronic. For a print publication that publishes other than daily, a single advertisement would count for the full number of days that the publication is in circulation. Where there is limited circulation, advertisements should also be run in the largest metro area near the CE.

Option 2: Qualifying CEs may elect to advertise their solicitation online in the Texas Comptroller-managed Electronic State Business Daily (ESBD) in order to satisfy notification requirements.

Computation of Time

In computing the period of days, the first day is excluded and the last day is included. In addition, if the last day of any period is a Saturday, Sunday, or legal holiday, the period must be extended to include the next day that is not a Saturday, Sunday or legal holiday.

- Name and address of your organization

- Proposed operating days of the food service

submission must be kept unopened in a secure place. Bids received after the deadline should be returned unopened to the bidders. Make a written list of all bids received in response to the IFB, segregating the list into timely bids, “no bids,” and untimely bids that were returned to bidders. Include in your record the name and address of each bidder, the date and time each bid was received by your organization and the amount of each bid that was opened and considered by your organization as part of the selection process.

- You may accept a bid and communicate this acceptance to the food service management company you have selected only if their bid is the lowest bid that meets all specifications.
- If you receive only one bid after advertising this IFB and providing it to the entities on your bidders list, you may award the contract without TDA approval so long as you retain documentation demonstrating that you did not limit competition.

 - The bid you plan to award is not the lowest bid, . Submit the following to TDA:
 1. A complete copy of **all** bids received, including all attachments, and
 2. A written signed and dated statement executed by the president or chief executive officer of your organization, or equivalent, documenting your sound business reasons for selecting a bid other than the low bid.

CPI Fee increases for the upcoming contract renewal year must be documented through a cost analysis and submitted to CE by April 1 of each year. No other fee increases will be allowed.

12. Termination

- A. The CE reserves the right to terminate this Contract if the Contractor fails to comply with any of the terms and conditions of this Contract.

In such case, the CE shall notify the Contractor and surety company of specific instances of unsatisfactory performance. If the Contractor does not take immediate corrective action, the CE may require surety to either provide another contractor or CE may negotiate another contract. The CE shall be entitled to negotiate another contract on either a competitive or non-competitive basis. In any case, the defaulting contractor and/or surety company shall be liable to the CE for any difference in price between the new contract and the terminated contract. Prior to termination, the CE shall contact TDA concerning procedures for conducting a re-procurement action.

- B. The CE entity may, by written notice to the Contractor, terminate the right of the Contractor to proceed under this Contract if it is found by the CE that gratuities in the form of entertainment, gifts or otherwise were offered or given by the Contractor to an officer or employee of the CE with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending of the contract; provided that the existence of the facts upon which the CE makes such findings shall be an issue and may be reviewed in any competent court.
- C. - D. The right and remedies of the CE provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.
- E. In addition to the foregoing termination provisions, and without any limitation on CE's rights to terminate the contract in Section VI, Item 12, "Termination," either party may terminate this contract for cause upon providing advance written notice of sixty (60) days to the other party. In the event of a termination for cause, the party to be charged shall have a reasonable period to cure not to exceed thirty (30) days. Failure to cure shall entitle the non-breaching party to continue with termination for cause.
- F. This agreement may be terminated by mutual agreement of the parties. Such agreement must be in writing.

2. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination.

The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”).

The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

6. Rights to Inventions Made Under a Contract or Agreement

If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

This includes any Federal agreement, arrangement, or other contract that has as one of its purposes the provision of cash assistance for the purchase of food, and cash assistance for purchase or rental of food service equipment or any other financial assistance extended in reliance on the representations and agreements made in this assurance.

By accepting this assurance, the contractor agrees to compile data, maintain records, and submit reports as required, to permit effective enforcement of nondiscrimination laws and permit authorized USDA personnel during hours of program operation to review such
