Purpose
This form is intended to be used annually as an onsite monitoring instrument to ensure that CEs are correctly operating their counting and claiming systems. CEs that operate in more than one site must complete this form according to the following timeline:

- At least once annually before February 1 for each NSLP site
- At least once annually before February 1st for 50 percent of sites operating breakfast

However, staff may find conducting an onsite monitoring review more frequently will support preparation for an onsite review and promote effective management.

The monitoring reviews should be conducted by the school nutrition program (SNP) director or his/her designee.

For additional guidance for the issues included in this form, see Administrator’s Reference Manual (ARM), Section 5, Special Provision Options and Section 20, Counting & Claiming.

Directions for Completing This Form

- **Contracting Entity (CE) Name:** Record the name of the CE in the designated space.
- **CE ID Number:** Record the ID Number of the CE in the designated space.
- **Date of Review:** Record the date the review was completed.
- **Site Name:** Record the name of the site in the designated space.

Program Participation Information

- **Prior Month, Average Daily Participation (ADP):** Record the site’s ADP for the prior month in the designated space.
- **Program Average Daily Attendance (ADA):** Record the site’s ADA in the designated space
- **Current Total Enrollment:** Record the most current number of participants who are enrolled and attending classes at the school and may participate in the meal program.
  
  [NOTE: The CE’s attendance office is likely to have this information.]
- **Meal Count for the Day of Review:** Record the meal count for the day of the review in the designated space.
- **Attendance Factor:** Record the site’s attendance factor in the designated space.
  
  [NOTE: This number is also reported on the Daily Record/Accuclaim Form. This form includes a sheet that auto-populates the attendance factor when the daily record section is completed.]

To calculate the Attendance Factor for reimbursable meals,

− Calculate the Average Daily Attendance (ADA) for the month by summing the site’s daily attendance for the claim month and dividing that sum by the number of operating days for the claim month/period.

− Divide the ADA by the highest daily total enrollment for the month. The highest daily enrollment is the highest number of students enrolled on any day of the month at the site. [NOTE: Sites located in schools may find that the attendance clerk is able to provide the information needed to identify this number.]

<tr>
<td>(Sum of Daily Attendance for Month) ÷ (Number of Operating Days) = ADA</td>
</tr>
<tr>

</tr>
</tbody>
</table>

This calculation should be completed and recorded at the end of the month.

− Multiply the highest number of possible participants for the month for each eligibility status by the Attendance Factor—free, reduced-price, and paid—and compare the results to the actual number claimed.

If the number of meals claimed for the month is in line with the Highest # of Meals Expected to Be Claimed Each Serving Day, no further action is needed.

If the number of meals claimed for the month is higher than the Highest # of Meals Expected to Be Claimed Each Serving Day, the CE will need to determine (1) if there is a valid reason for the larger number and retain documentation about the reason or (2) if a mistake has been made.

Parts II–IV

- Answer each question by marking the appropriate box under Yes, No, or N/A.
- Review the CE/site documentation retained related to each question topic area. [Documentation may be retained at the site or CE level.]
  - Is the documentation readily accessible?
  - Is the document kept in an organized manner?
  - Does the documentation support the answer?
  - If not, what changes need to be made to ensure that the CE/site is implementing the program correctly?
• Compare results from the onsite monitoring form to previous scores.
• Develop strategies to address areas of need.

Part V
• Determine if any of the answers to Parts II–IV require a corrective action plan (CAP).
• Mark the appropriate response once that determination has been made.
• Record any comments, notes, or observations about the corrective action in the comment text box.

Part VI
• Determine if a follow-up review is needed to make sure the CAP has been completed successfully.
• Mark the appropriate response once that determination has been made.
• Record any comments, notes, or observations about the follow-up that will help to improve the school nutrition program in the comment text box.

Part VII
• Have the reviewer sign in the designated space.
• Have the site manager sign in the designated space.
