

LENA WILSON

Lena Wilson is the Administrator for Compliance Operations in the Food and Nutrition Division at the Texas Department of Agriculture (TDA). She oversees all activities related to compliance with regulations for the Child and Adult Food Care Program, Food Distribution Programs and the National School Lunch and School Breakfast Programs.

Lena, a Registered Dietitian, has more than 20 years of experience with federal nutrition programs. She often touts that she is one of the few people who has worked at the state and local level with every U.S. Department of Agriculture nutrition assistance program including the Women, Infants and Children (WIC) Program and the Supplemental Nutrition Assistance Program (SNAP). This experience complements a background that includes 13 years as a director of school meal programs and allows a practical look at operations from differing perspectives to apply a common-sense approach for program oversight.

Lena joined TDA in 2019. She relocated to Texas after serving seven years at the Colorado Department of Human Services as a division director responsible for SNAP, Systems Automation, and Food Distribution.

Lena earned her Bachelor of Science in Nutrition from Louisiana State University in Baton Rouge and a master's degree in Management, with a Human Resources emphasis, from Lesley College in Cambridge, Massachusetts. She serves in numerous professional and social volunteer roles that allow her to support others. In her spare time, she enjoys travel and is a die-hard sports fan.
