

**WBSCM TRANSITION TO
LOGIN.GOV**

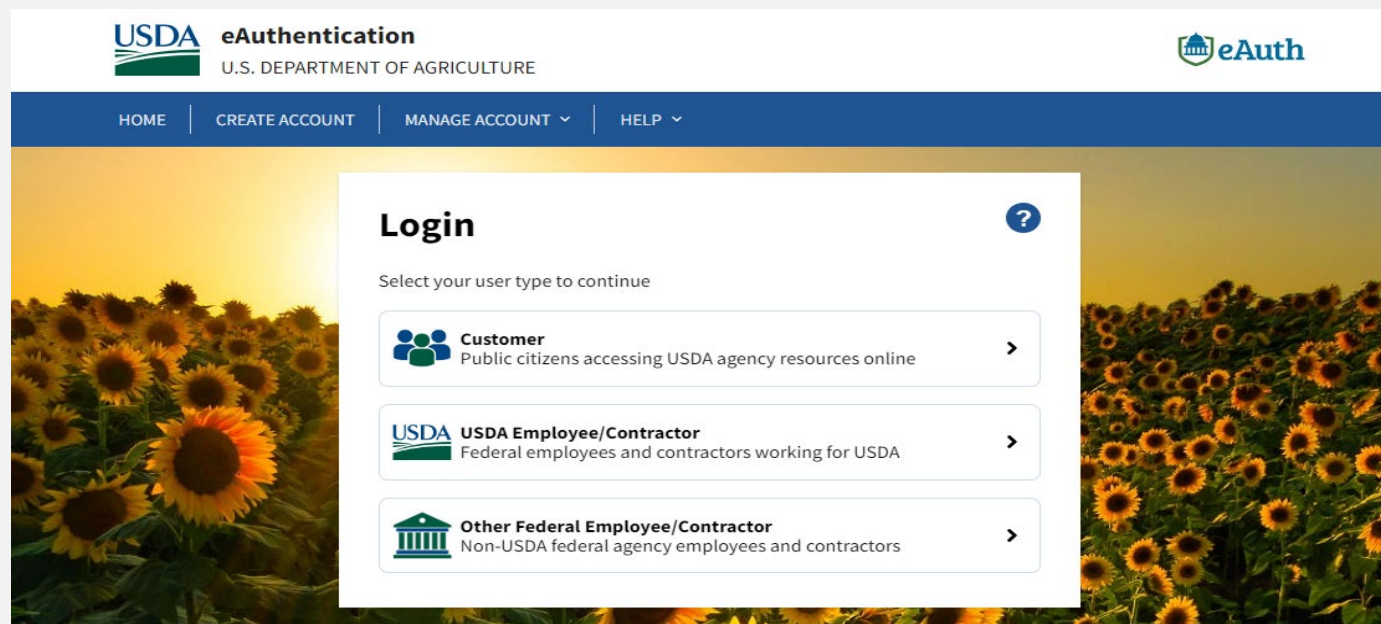

Users with existing eAuth accounts will be required to use Login.gov to access WBSCM in coming months. Login.gov will provide added security benefits to protect your personal information.

TRANSITION TIMELINE

- Phase 1: September 12, 2023. Optional for existing eAuth account holders.
- Phase 2: March 26, 2024. Users will be encouraged to link sign up at Login.gov but users can skip and continue to use eAuth for login
- Phase 3: October 1, 2024. Users will be required to use Login.gov to access WBSCM.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

-  **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
-  **Text or voice message**
Receive a secure code by (SMS) text or phone call.
-  **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
-  **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
-  **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Add an authentication app

Set up an authentication app to sign in using temporary security codes. [What is an authentication app?](#)

1 Give it a nickname

If you add more than one app, you'll know which one is which.

2 Open your authentication app

3 Scan this QR barcode with your app

Or enter this code manually into your authentication app

4 Enter the temporary code from your app

Example: 123456
