TX-ELMS

Monthly DC List Upload

Normally, the July direct certification (DC) list in TX-ELMS is the largest with the most names. This is not the case this school year.

SFAs should expect a smaller direct certification (DC) list for July 2024. There will be an increase in the number of names in August and September 2024.

ARM Section 4, page 51

Direct Certification for SNAP TANF, Medicaid Free, and Medicaid Reduced Eligibility
All CEs regardless of their size are required to use the direct certification component[86] in Texas-ELMS. In essence, direct certification is the identification of categorically eligible students through means other than getting information from the household.

ARM Section 5, page 7

Direct Certification Matching Requirement
All CEs are required to conduct Direct Certification matching each month. This includes Direct Certification matching for CEP and P2 schools. This information will assist the CE in preparing for the *Annual Verification Report, FNS-742 (USDA's School Food Authority [SFA] Verification Collection Report, FNS-742)* and the CEP yearly report.

Procurement Review (PR) Table

In previous years

There was a box for the SFA to add their Group Purchasing Organizations (GPO), Group Buying Organizations (GBO) and third-party entities. This would then populate as a drop-down menu in the "Add Formal Vendor" form.

This is screenshot from last year's PR Table.

Procurement Table for Procurement Reviews

The SFA must identify the following information:

- "Group Purchasing Effort/Name."
- "Vendor ID." This is the number the SFA used to identify the GPO/GBO/Third Party in their General Ledger. If the SFA did not use a GPO/GBP/Third Party in their purchases, the SFA will enter "None."
- "General Goods/Services Provided:" This box must include the name of the vendor that the GPO/GBO/Third Party used.
- The SFA must leave "Total Paid to Vendor" blank. TDA addresses this through the Co-op review project.
- For "Group Type" select from drop-down menu.
- You can leave the "Comments" section blank.
