Texas Department of Agriculture Forms | NSLP | Financial Report January 2026

All Contracting Entities (CEs) must ensure that the reported data accurately reflects the CEs financial operations for the 2024-2025 fiscal period reported.

The National School Lunch Program (NSLP) Financial Report is used to assess the financial management of the non-profit school food service account. This includes Seamless Summer Option (SSO), School Breakfast Program (SBP), Special Milk Program (SMP) and At-Risk Child and Adult Care Food Program (CACFP) funds. Fund identified as non-profit school food service accounts are typically the 240, 701 or 101 funds. Special Revenue Fund, 242, will also need to be accounted for in this report if funds were transferred into the 240, 701 or 101 funds.

Contracting Entities (CE) under the administration of the Texas Education Agency (TEA) must utilize their General Ledger and/or the Annual Financial & Compliance Report (AFR) submitted to TEA to complete the NSLP Financial Report for 2024-2025. Residential Child Care Institutions (RCCI) and private schools must use their Statement of Net Assets or Statement of Net Position (Balance Sheet) and Income Sheet with Reveneue and Expenditures to obtain their financial information. RCCI or private schools may have areas that are not applicable. For areas that are required but not applicable, enter zero.

For detailed guidance, CEs may reference the *Preparing for the NSLP Financial Report* form, Financial Report webinar, and the School Nutrition Programs Administrative Reference Manual (ARM) Section 16 **located**

on https://squaremeals.org/Programs/National-School-Lunch-Program/Compliance/Financial-Report

Red Asterisks * indicate that question is required.

For all entries, do not use commas, dollar signs, negative (-) numbers, or any special characters. Decimals are not considered a special character.

PART 1 - ASSETS AND LIA	BILITIES

Districts and charter schools will utilize their finalized audited financial report, specifically, the combined balance sheet to report the child nutrition funds assets and liabilities. The general ledger may also be used to report this information. This should correlate with their district financial report where the special fund is reported. This should be the same information and values submitted to Texas Education Agency (TEA). Please note, discrepencies between the district's financial report and the NSLP financial report should be commented and noted.

For all entries, do not use commas, dollar signs, negative (-) numbers, or any special characters. Decimal points are not considered special characters. If CEs do not have any cash, receivables or inventories, enter zero.

7-a. Cash and Cash Equivalents *

ex: 23

Object Code 1100. Includes currency on hand and in demand deposits with banks or other financial institutions. Cash equivalents are short-term, highly liquid investments (such as certificates of deposit or treasury bills) that can readily be converted to cash and are near their maturity.

7-b. Receivables *

ex: 23

Object Code 1200. Asset account reflecting amounts owed for goods and services, i.e., sale of goods, rendering of services.

7-c. Inventories *

ex: 23

Object Code 1300 Note: Inventories is not calculated, it is only used for reporting purposes. Auto populated calculations will not include inventories for Net Cash Resources.

Expenditures

Below are the most common expenditures identified in the Detail General Ledger of the Non-Profit Food Service revenue fund. However, there may be expenditures not identified specifically below. CEs will utilize 15-f to 15-k to identify any other expenditures. All CEs are required to comply with generally accepted accounting principles (GAAP) for federally funded programs as well as accounting and financial requirements that are specific to the non-profit food service revenue fund. All expenditures must be necessary, reasonable, allocable and allowable.

CEs may access more information at regarding financial requirements in Section 16 of the Administrative Reference Manual (ARM) at www.squaremeals.org or Texas Education Agency's resource guide at www.tea.gov.

20 b. Did the CE utilize the PLE exemption? (Exemption includes not raising paid lunches prices.) The CE should consider this the approval from the State Agency.	Yes No

PART 4 - NET CASH RESOURCES PLAN

Federal regulations (7 CFR 210.19 (a) (1)) require state agencies to monitor the level of net cash resources in a non-profit food service account. These regulations specifically require the level of net cash resources not to exceed three months average expenditures, as reported in the non-profit food service account.

CEs must provide a detailed current spending plan to reduce the resources in excess.

This plan could include improving the quality of meals or the purchase/replacement of food service equipment but is not limited to these items. The funds must be used for the support of the food service program pursuant to federal and state rules and regulations. All expenses must be necessary, reasonable, allocable and allowable.

Key Definitions:

Excessive Net Cash Resources is the unallowable amount of net cash resources remaining in the nonprofit school food service account at the end of the fiscal year less liabilities which has ended. CEs may not exceed three months of average monthly operating expenditures.

Net Cash Resources are all monies, as determined in accordance with the State agency's established accounting system, that are available to or have accrued to a school food authority's nonprofit school food service at any given time, less cash payable. Such monies may include, but are not limited to, cash on hand, cash receivable, earnings on investments, cash on deposit and the value of stocks, bonds or other negotiable securities. (7 CFR 210.2)

Net cash resources do not include inventories (USDA Foods or other food inventories), equipment, or other non-cash resources.

Net Cash Resources calculation is (Total Assets-(Inventories)-Total Liabilities).

Operating Months are any months that the CE performs operational tasks. This includes reasonable amounts of time to close down program operations at the end of the school year and time to set up program operations at the beginning of the year as well as each month for which claims were submitted, including summer months if operating the Seamless Summer Option (SSO).

Total Expenditures are reported at the end of the most recent fiscal year.

Six Month Average Operating Expenses is the average of six months operating expenses. This is used to determine if the CE has an excess in net cash resources. In order for a CE to maintain the non-profit status, the CE cannot maintain more than six months operating expenses for their net cash resources.

21.	Total	Net Cash	Resources
(Au	uto Po	pulate)	

ex: 23

This will auto populate from question 10.

Note: Total Number of Operating Months

If a CE operated an Seamless Summer Options (SSO) or Summer Feeding Service Program (SFSP) and the funds were transferred into the 240 account, the CE should account for those operational months as well as NSLP operating months.
