Background and Purpose of Non-Congregate Feeding
• Interim Final Rule published December 29, 2023.
  • “Interim” means the regulations are now in effect, but public comments are being accepted and will be considered in a future rule update that will remove the “Interim” tag.

• Comments are due April 29, 2024.
  • Federal eRulemaking Portal: Go to https://www.regulations.gov. Follow the online instructions for submitting comments.
  • Mail: Send comments to Community Meals Policy Division, USDA Food and Nutrition Service, 1320 Braddock Place, Alexandria, VA 22314.

Sponsor and Site Eligibility for Non-Congregate Feeding
Summary of Non-Congregate Requirements

- Site must be in rural-designated area
- 2-mile proximity required from nearest site.
- New sponsors will be evaluated based on previous CNP experience
- Sponsor must be in good standing
- Switched SFSP sites will be considered “new”
Documenting Rurality

Non-congregate service **only** available to SFSP/SSO sites in rural areas:

- USDA has codified 6 different potential data sources that can determine the rurality of a site (7 CFR 225)
- TDA also using additional data source from last year to expand rurality even further
- Must verify rurality for **all** summer sites (using site mapper)
- TDA will track rural designation, which is good for only 5 years.
Summer Site Map – 2-Mile Proximity
Summer Site Map – 2-Mile Proximity

Contact your ESC if you have any questions about the site mapper:

- Site reflects inaccurate description or location.
- If you plan on closing sites from last year to centralize a non-congregate service. Before doing this:
  - Research if participation will likely increase.
  - Consider impact of removing congregate sites.
**Sponsor/Site Eligibility**

- Previous CNP experience a plus!
  - Sponsors new to any Child Nutrition Program will have more rigorous application process.

- Sponsor must be in good standing
  - No outstanding corrective action or debt, not currently in the serious deficiency process

- All NC sites approved in 2023 must submit a new Non-Congregate request form.

- Switched SFSP sites will be considered “new”
  - Subject to sponsor pre-operational visits and first two weeks site visit
Meal Bundling and Parent Pick-up
Meal Bundling*

Unitized meals:

• Grab-and-Go (10-day max, 5-day recommended)

• Home Delivery (5-day max)

*Must adhere to maximum daily meal requirements. No more than two meals, or one meal and one snack, per child for each day of intended consumption. Lunch and supper not an allowable combination.
5+-day Grab-and-Go Distribution

• If serving over 5 days, TDA requires:
  • Sample menus
  • Procedures on ensuring food safety

REMEMBER: Maximum 10-day distribution for grab-and-go unitized meals
Meal Bundling*

• Bulk food component distribution
  • Means one or more food component is distributed in larger amounts (for example, a gallon of milk or loaf of bread)
  • Components can be assembled into individual reimbursable meals over a given period of time.
  • **5-day maximum bundle.**

*Must adhere to maximum daily meal requirements. No more than two meals, or one meal and one snack, per child for each day of intended consumption. **Lunch and supper not an allowable combination.**
Bulk Food Component Distribution

Packaging:

• Include labeled food items
• Instructions for assembling reimbursable meals.
• Preparation would require only adding water and warming to be served.
• UNALLOWABLE: Ingredients for recipes that require chopping, mixing, or baking.
• Extra food items are separated and labeled “not part of the reimbursable meal (if included).”
Bulk Food Component Distribution

• TDA requires with the NC request:
  • Sample menus
  • Instructions for meal preparation
  • Procedures for ensuring food safety

REQUIRED EVEN IF ONLY DISTRIBUTING MILK IN BULK.
Meal Bundling*

Pay attention to distribution days vs days of consumption:

• Allowable Scenario
  • Monday service (distributing 3 days of meals for Mon. – Wed.) and
  • Thursday service (distributing 2 days of meals Thur. – Fri.)

• Unallowable
  • Monday service (distributing 5 days of meals at a time) and
  • Wednesday service (also distributing 5 days of meals at a time)
Parent/Guardian Pick-Up

• Parents or guardians may pick up meals without children present.
• Sites must have procedures in place to validate guardianship.
• Only parents or guardians may pick-up meals on behalf of their children.
**Parent/Guardian Pick-Up**

Preferred methods of proof of guardianship include:

- Official Letter/email from a school listing the children enrolled at a school campus
- Student ID cards
- Individual student report cards
- Attendance record from parent portal of the school website
- Birth certificate
- Official letter/email from facility or school listing children enrolled
- Other official ID cards (for example, IDs issued by a child care facility)
Parent/Guardian Pick-up – Multi-Day Issuance – Procedures Required

Sites issuing more than one day of meals at a single distribution and/or utilizing the parent pick-up flexibility must upload procedures describing the safeguards put into place to reduce the risk of serving duplicate meals to children.
Parent/Guardian Pick-up – Multi-Day Issuance – Procedures Required

Examples of methods to ensure that duplicate meals are not served include:
• Monitoring at the point of service.
• Sign-in sheets.
  • Cross-referencing sign-in sheets, such as for a sponsor with multiple sites in close proximity.
• Technology-based solutions, such as QR codes for sign-in sheets, or a registration system.
• Signage at the site warning participants not to take more than the allowable number of meals.
• Restricting meal service times to reasonable or shorter periods instead of extended or nearly all-day distribution times.
• Coordination with other nearby sites
Home Delivery Requirements
Home Delivery

Sponsors offering home delivery must:
• Have means to identify and invite households of eligible children to participate in the meal delivery service
  • Private non-profits using school data must have MOU with the district.
• Obtain written consent from the eligible child's parent or guardian
• Protect the confidentiality of participants and their households
• **Deliver no more than 5 days of meals at a time** (unitized meals or bulk food component distribution).
Home Delivery

With the NC Request, the CE must provide:
- The site's means of obtaining parental consent.
- How the site will protect the privacy of household participants.
- The means for determining home eligibility.
  - Homes must be within a rurally designated area.
  - Homes served must either be in the attendance zone of an area eligible school, or
    - The child in the home qualifies for free or reduced priced meals.
- The means for ensuring food safety requirements are met.
- MOU with school district (if applicable).
Parental Consent for Home Delivery

Required for parental consent:
• Home address,
• Phone number,
• Child(ren)'s name(s),
• Child(ren)'s age(s), and
• Language establishing both the presence of children in each household as well as the household's consent to receive meals.
How to Document a Home Delivery Route

• Each route is a “site” and requires a single TX-UNPS Site Application and NC Request Form.

• Each house must be area eligible AND located in a rural area.
Mobile Route Requirements

• Not home delivery – children pick up G&G meals from the route stop.

• NEW THIS YEAR - Each stop must meet individual site requirements
  • Individual site application and NC Request Form
  • 2-Mile proximity
  • All other SFSP/SSO requirements for a site.
Hybrid Congregate/Non-Congregate Sites
Hybrid Congregate/Non-Congregate Sites

Sites can provide both congregate and non-congregate service as long as the services do not overlap and duplicative meals are not served.

Allowable:

- Congregate meals M-F with non-congregate meals sent home on weekends.
- Congregate daily breakfast with NC lunches sent home each day.
- All children receive the same number and type of meals at distribution.

Not allowable:

- Summer school kids fed congregate meals daily while other children receive multi-day bundle.
Hybrid Congregate/Non-Congregate Sites

• Sites must keep separate meal counts of congregate and non-congregate meals
• CEs must document their distribution schedules in the non-congregate request form
Options for Summer School – Example 1

Allowable:

• Summer school occurring Monday through Thursday
• Breakfast and lunch are served.
• Daily *congregate* meals for both summer school students and community children M-Th with three days of non-congregate meals (Fri-Sun) sent home on Thursday afternoon.
  • All children must eat onsite M-Th, even the community children.
  • *This is considered a hybrid site.*
Hybrid Congregate/Non-Congregate Sites

**Will this site be offering both congregate and non-congregate meals?**

Sites may serve both congregate and non-congregate meals if those services (including days of intended meal consumption) do not overlap. All children must receive the same number and types of meals at each distribution.

**Example:**
- An **allowable** hybrid service would include congregate service provided Monday through Friday, with Saturday and Sunday meals being sent home with the children.
- An **unallowable** service would include distributing a bundle of 5 days of meals on Monday, while a subset of children receive daily congregate meals at the site.

Additionally, sites will be required to keep separate counts of congregate and non-congregate meals distributed and may be required to report those meal counts monthly to TDA.

- Yes
- No

**Hybrid Attestation:** I attest that by serving both congregate and non-congregate meals at this site, I must track the number of congregate and non-congregate meals distributed and may be required to report these numbers to TDA on a monthly basis.

Meal Service Comment

If required, please enter any additional or clarifying information about the days and number of meals distributed as listed above. For example, if days of distribution vary week to week, please provide a complete schedule of meal distribution days in the comment box below.

Congregate breakfast and lunch service will occur as normal on Thursday, but each child will receive on Thursday afternoon a bundle of three breakfasts and three lunches intended for Friday through Sunday.
Options for Summer School – Example 2

Allowable:

• Summer school occurring Monday through Thursday
• Breakfast and lunch are served.
• Daily **non-congregate meals** for both summer school students and community children M-W with four days of non-congregate meals distributed on Thursday.
  • Community children allowed to take meals offsite.
  • Summer School students pick up the non-congregate packaged meals and return to classroom or other setting on Monday through Wednesday. While the students are eating together, these are considered non-congregate meals.
  • On Thursday, the Summer School students will receive a four-day bundle (Th-Sun.). They can pull the Thursday meals out of the bundle to consume onsite.
• **This is not considered a hybrid site. All children received the same packaged non-congregate meals.**
Hybrid Congregate/Non-Congregate Sites

Will this site be offering both congregate and non-congregate meals? *

Sites may serve both congregate and non-congregate meals if those services (including days of intended meal consumption) do not overlap. All children must receive the same number and types of meals at each distribution.

Example:
- An allowable hybrid service would include congregate service provided Monday through Friday, with Saturday and Sunday meals being sent home with the children.
- An unallowable service would include distributing a bundle of 5 days of meals on Monday, while a subset of children receive daily congregate meals at the site.

Additionally, sites will be required to keep separate counts of congregate and non-congregate meals distributed and may be required to report those meal counts monthly to TDA.

Options for Summer School

Not allowable:

Summer school kids fed congregate meals daily while other children receive multi-day bundle for the week.

All children receive the same number and type of meals at distribution.
Conditional Non-Congregate School Sites
Conditional Non-Congregate Sites

- Not open, not a camp, not closed enrolled (though very similar)
- Operates only in higher income areas.
- Must operate NC service.
- Reimbursement only for meals served to F/R children.
- Costs of non-reimbursable meals are **unallowable**.
  - If serving “paid” students, you will need to charge for those meals to cover the cost or allocate non-federal funds to pay for food intended for “paid” students or other non-Program participants.
Conditional NC Sites

- At time of application, if charging for meals, submit the H1506 form that includes charge policies and an attestation that hearing procedures are in place.

- At time of application, provide an estimate of number of F/R children to be served.

- Only available to school districts in Summer 2024.

- Must notify participants about availability of free meals and if a household application is required.

- When submitting a TX-UNPS application, you must submit the site name with the following naming convention: NC_CON_[Site Name]
Conditional NC Sites

Please contact your ESC if you are interested in being a conditional NC site.
07

Application and Request Process
Application Process

1. CE uses mapping tool to determine if site is rural and meets proximity requirements.

2. TX-UNPS Site Application must be approved or conditionally approved by application team prior to applying for NC eligibility via the NC Request Form.
   • If applying as a conditional NC site, make sure NC_CON_[SiteName] naming convention is used.

3. CEs will be able to enter procedures directly into fields on the form or upload documents.

4. If approved for NC, update meal service times in the site application to match actual distribution times, if required (see next slide for more information).

5. Our application team will add NC designation to site name (NC_H for approved hybrid sites).
Documenting Meal Service Times when Meal Bundling

1. In the TX-UNPS site application:
   a. Indicate days for which meals are to be consumed (claimed)
   b. If bundling meals, enter temporary, separate times for different meals (if serving breakfast and lunch, ensure the beginning of lunch is an hour after the end of breakfast).

   **NOTE: These times may not align with actual distribution times. See Step 3.**

2. Submit your NC Request Form, providing more details about days of distribution.

3. If approved for NC, the application team will reach out to you to update the meal service times in TX-UNPS. If distributing breakfast and lunch at the same time, the site application should reflect the time that those meals are being distributed (meaning the times will be the same for both breakfast and lunch).

General Information

Select the Program you are operating in Summer 2024: *

- Seamless Summer Option (SSO)
- Summer Food Service Program (SFSP)

Select the CE and Site information requesting to operate non-congregate service. *

If your CE and Site is not listed, type it in the displayed format and hit Enter.
Site name must be entered as it appears on the TX-UNPS Site Application and following the format: 00000-CE Name:0000-Site Name

Type to search then select the site requesting approval.

IMPORTANT: Just because the site is listed does not mean it is eligible.
Just because a site is NOT listed does not mean it is ineligible.
Non-Congregate Request Form

Conditional Sites

By requesting to serve non-congregate meals at a school site in a non-area eligible area, you attest to the following:

- ✓ Only meals served to children who qualify for free or reduced-price meals can be claimed for reimbursement. *
- ✓ Meals ineligible for reimbursement served to participants without a free or reduced-price classification must be paid for with non-federal funds. *
- ✓ I certify that this site will collect and maintain information on participants' eligibility to support its claim for reimbursement. *
- ✓ I understand that while I may use school data from the previous school year to qualify students for free or reduced-price meals, I must make the application process available to any child for whom there is no eligibility information. *
- ✓ I will proactively notify eligible students' families about the availability of the program while avoiding overt identification of students who qualify for free or reduced-price meals. Notification will include copies of hearing statements and, if charging “paid” eligible students, charge policy statements, as provided below in this form. *
- ✓ I understand that if I do not meet the requirements in this application, TDA will deny this request and return the application. Prospective applicants will have a chance to correct the issues with this site form and re-submit for this site or another site. *

Please estimate the number of free and reduced-price eligible children expected to be served at this site daily. *
Non-Congregate Request Form

Will this site be charging students who are not eligible for free or reduced-price meals? *

- Yes
- No

If charging for meals, you must attest to the following:

- The eligibility standards qualifying students for free meals conform to the Secretary's family size and income standards for reduced price school meals. *

- If a family requests a hearing, the child will continue to receive free meals until a decision is rendered. *

- There will be no overt identification of free meal recipients and no discrimination against any child on the basis of race, color, national origin, sex (including gender identity and sexual orientation), age, or disability. *

**Charge Policy and Hearing Statement**
Complete and upload Form H1506-A (located on the Summer Meals Administration/Forms page).

This standard TDA form requires that all conditional non-congregate sites attest that they have hearing procedures in place as well as a payment collection methodology that will prevent overt identification of children receiving a free meal.

For uploads, please use the document upload box at the end of this form.
Non-Congregate Request Form

Select the method of non-congregate feeding. *
Note: Only one non-congregate method is allowed per site. For example, if operating a home delivery method and a grab-and-go site, these must be two separate sites with two separate site applications.

- Grab-and-Go at central site
- Home Delivery

Are you a Private Non-Profit relying on school district data to identify participants? *

- Yes
- No

Select how you will provide your procedures/methods for obtaining parental consent to deliver meals to households. *
Procedures must include how you will protect the confidentiality of these households.

A file upload is preferred.

Distribution Method

Select the method of non-congregate feeding.*
Note: Only one non-congregate method is allowed per site. For example, if operating a home delivery method and a grab-and-go site, these must be two separate sites with two separate site applications.

- Grab-and-Go at central site
- Home Delivery

Will this site be distributing food components in bulk?
Bulk food component distribution is a strategy for packaging multiple components (for example, a gallon of milk, a loaf of bread) that can easily be assembled into a multiple meals and require no more than warming to be eaten.

Note that pre-plated, unitized meals are not considered bulk packaged food.

Note also that if distributing items in bulk, the site may only distribute up to 5 days of meals at one time and must submit sample menus and procedures for ensuring food safety later in this form.

- Yes
- No

Bulk Components Attestation: I attest that by opting to distribute food components in bulk, this site cannot deliver more than 5 days of meals at one time.*
Will this site distribute more than one day of meals at a single distribution? *

- Yes
- No

Will this site be providing more than 5 days of meals at a single distribution? *

*Regulations allow for a maximum distribution of 10 days of meals at a time. Any distribution of over 5 days of meals at a time requires an upload of a sample menu and procedures for ensuring food safety.

- Yes
- No

Select how you will provide distribution procedures. *

If you are distributing food components in bulk OR distributing more than 5 days of unitized meals at a single distribution, you must upload procedures for how those meals will be safely distributed and/or prepared.

Procedures should include:

- a sample menu,
- how the CE will adequately address food safety concerns with families; and
- instructions to families of how to assemble bulk food components into reimbursable meals, if applicable.

Refer to the Summer Non-Congregate page on SquareMeals.org for more information on these flexibilities.

☐ Yes
☐ No

As applicable, select the methods this site will use to identify an adult picking up a meal as a parent or guardian of an eligible child (check all that apply): *

☐ Scan children’s meal cards or ask for children’s personal identification numbers used for meal service;
☐ Request children’s names, ages or dates of birth, or grade levels when meals are picked up;
☐ Request children’s school names or a copy of school correspondence when meals are picked up;
☐ Provide parents/guardians with rearview mirror hangers, placards, or QR codes;
☐ Post signage to indicate who is eligible to pick up and receive meals;
☐ Other methods to ensure meals are distributed only to parent/guardians of eligible children

Visits Prior to Approval

Regulation requires TDA to select some NC sites for a pre-approval visit. Compliance teams will select a certain number of sites to review based on the flexibilities chosen and the history of the CE.
SFSP Monitoring

• All regulatory monitoring requirements and timeframes are still in place.

• All sites switching to NC from congregate are considered new, which means the following reviews are required:
  • Pre-operational visit
  • First two weeks site visit

• All SFSP sites require a full site review within the first four weeks of operation (first two weeks visit and full site review can happen at the same time).

## Meal Service

- Are accurate meal counts taken of meals served, including separate counts for non-congregate and congregate meals, if applicable?
- If operating a hybrid site, were congregate and non-congregate meals served on the same day?
- If Yes to the previous question, did the site ensure that both services did not overlap and that the meal types distributed were different at each service?
- Has the site adequately communicated to the community the schedule of non-congregate service (and congregate service, if applicable)?
- Are sites adhering to the meal service days and times of distributions indicated in the site application and approved non-congregate request form?
- Do the days of intended consumption of non-congregate meals align with the days of service indicated in the site application?
- Do bundled meal packages adhere to maximum allowable number of meals distributed to each child per day?
- If bundling unitized meals, are the meals packaged individually with a method for participants to be able to identify which meal types are being provided?
- Are sites ensuring that second non-congregate meals or bundles are not being distributed?
- If applicable, is the site ensuring that second congregate meals are not being served in excess?
- If allowing parents or guardians to pick up meals, is the site adhering to the procedures submitted to TDA for verifying guardianship?

**Bulk Food Component Distribution (Complete if applicable)**

- Is the site limiting distribution to no more than 5 days at a time?
- Is the food provided such that only minimal preparation (such as warming in a microwave) is required?
- Were menus and instructions provided to the participant that describe how to prepare food items and portion out the food components for each intended day of consumption?

**Home Delivery (Complete if applicable)**

- Is the site limiting distribution to no more than 5 days at a time?
- Is there a record of how many eligible participants are in each home and how many meals were provided per delivery?
- Are there written consent forms correctly filed and recorded for every program participant?
- Is the site adequately protecting household information?
- Did the meal driver follow the intended delivery route?

**Conditional Non-Congregate Sites (Complete if applicable)**

- Is each household located in a rural-designated area per TDA’s Non-Congregate Eligibility Site Map?
- If using school data, is there documentation of the MOU between the site and school food authority?
- Is the site accurately counting separately the reimbursable meals served to free or reduced-price eligible children and non-reimbursable meals served to paid-eligible children and Program/non-Program adults?
- Is the site charging for non-reimbursable meals served to children ineligible for free or reduced-price meals?
- If the site is not charging for meals served to non-Program adults or children, are the costs of those meals being paid for with non-Federal funds?

Best Practices for Monitoring NC Sites

- Observe meal packaging;
- Observe meal pickup or delivery, as applicable (including accompanying personnel on delivery routes);
- Ensure meal pattern requirements are met.
- Proper implementation of bulk food component distribution, if applicable;
- Ensure meal distribution times are followed as stated on the site application;
- Ensure appropriate number of meals are distributed and counted;
- Ensure local health, food safety, and sanitation standards are followed; and
- Ensure the "And Justice for All" poster is properly displayed at pickup sites and civil rights requirements are met.
Miscellaneous Provisions
Miscellaneous Provisions

- Second meals are NOT reimbursable when serving non-congregate meals.
- Offer vs Serve is allowable, but only for School Food Authorities per regulation.
- Civil Rights data must be obtained once per summer.
- NC sites must be able to provide meal modifications for participants with disabilities
- And Justice for All posters must be displayed prominently at the site
- Site cap requirement remains for both congregate and non-congregate meal service.
