

WIC Pilot Approved Menus and Meal Guidance

Summer Meal Programs

WIC Pilot Meals

Contracting Entities (CEs) should select meals from this resource when planning menus for summer sites located at WIC clinics that are participating in the WIC Pilot.

All the menus in this resource have been approved by Texas WIC. Meals served at WIC clinics should follow the SFSP or SSO meal patterns and follow the additional WIC requirements. The additional WIC requirements ensure the meal is appropriate for young children.

- Comparable food items within the same food group may be substituted within the menus to accommodate for food allergies, religious preferences or to add variety or handle supply shortages.
- Please note that WIC Pilot meals can repeat and follow a cycle menu. A cycle menu is a series of menus planned for a minimum of one week but can be up to 6 weeks. The menu is different each day during the cycle then repeated in the same order. WIC clients typically visit a WIC clinic once every three months.
- Always consult with your WIC Local Agency Director if you have specific menu questions or significant changes.

Tips for Success

Communication and Customer Service

- Designate a contact person to communicate with the WIC Clinic
- Have consistent, weekly communication with the WIC Clinics to discuss optimal drop off and meal service times with WIC Staff
- Gather feedback from WIC Clinic staff and participants on the meals served
- Coordinate with WIC Clinic site to solve challenges that arise throughout the summer

Food Safety and Handling

- Practice safe food handling, storage, and transportation
- Package all food components in one tray/bag with same portion size for all ages (largest portion to meet the minimum requirements)
- Follow local and state health department regulations

Food Safety Best Practices

Food Safety Resources

- TDA www.Squaremeals.org/FoodSafety
- Federal Food Safety Information www.FoodSafety.gov
- Institute of Child Nutrition <https://theicn.org/icn-resources-a-z/food-safety>

Store and Transport Food Safely

- Separate raw and ready-to-eat foods
- Clean and sanitize vehicles, food-contact surfaces, utensils and equipment
- Date, mark and label food with instructions
- Check temperatures of food and units (keep hot foods at 135°F or above and cold foods at 41°F or below)

➤ Food Storage Temperatures

Refrigerated foods: 41°F or below

Frozen foods: 0°F or below

Dry foods: 50°F - 70°F

WIC Meal Requirements

All meals served at WIC clinics must follow the SFSP or SSO meal pattern and follow these additional WIC requirements.
