

TEFAP Reach and Resiliency Grant Frequent Asked Questions (FAQ)

Questions from the Kick-Off presentation on June 15, 2022.

Q1. Is a presentation recording and slides of the TEFAP Reach and Resiliency Grant webinar available?

The link is [TEFAP Reach and Resiliency Grant](#), the official website. It is located under [Resources for Potential Reach and Resiliency Grant Applicants](#).

Q2. What is the link to the application?

The link to the application is [TEFAP Reach and Resiliency Application And Instructions](#).

Q3. What are the term dates of the grant?

The anticipated Start/End Date of the Grant is September 1, 2022 - May 31, 2024

Q4. Do you have to submit a letter of intent for this grant?

The Letter of Intent is not required but is highly recommended.

Q5. When is the application for the TEFAP Reach and Resiliency Grant due?

The grant applications are due on July 27, 2022. The link to the application is [TEFAP Reach and Resiliency Application And Instructions](#).

Q6. What is the link to the Census Tract Map?

The link is [Census Tract Map](#).

Q7. Is shared maintenance or agency credit an allowable expense? Yes, it is an allowable cost under the Indirect Cost Category. Please see the regulations on Indirect cost.

<https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-E/subject-group-ECFRd93f2a98b1f6455/section-200.414> eCFR :: 2 CFR 200.414 -- Indirect (F&A) costs.

Questions from the Office Hours – updated on July 19, 2022

Q8. Does the equipment need to cost over \$5,000?

No. An item less than \$5000 would be listed under the Supplies budget category.

Q9. Record Retention?

Each grant recipient must ensure it has an adequate accounting system in place and sufficient internal controls to ensure expenditures and reimbursements are reported and maintained for four (4) years after the conclusion of the project, or longer if required by TDA.

Equipment: The sub-recipients must use, manage, and dispose of equipment acquired under a state award by the local government in accordance with applicable law. The original or replacement equipment acquired under a state award is no longer needed for the original

project, program, or other authorized purpose, or the state award expires or terminates unless the per unit fair market value of the equipment is less than \$5,000 or disposition instructions have been previously provided

Q10. Will there be several different social media posts throughout the 2 years?

Yes, but it will be up to the grantee to post across their platforms, as well as partnership platforms. We will do the same on our end.

Q11. Would it be possible to provide us with a spreadsheet of the zip codes that fall within the high-risk category?

Unfortunately, we do not have the zip code data available for all data layers, which is why the data is presented at the census tract level. Additionally, if the user zooms in on the map, they will be able to see down to the street name level. This may be most helpful in identifying the exact areas eligible.
